HOTEL
STEIN
—
Salzburg, Austria

Barovier & Toso
Partnership

The hotel world is a haven for creative expression — a sphere where passion and expertise culminate in crafting unique spaces for guests to unwind and call home for the duration of their stay. Hotel Stein fulfils that desire — blending the

very best of Austrian and Venetian style.

Their ongoing partnership with Barovier & Toso, the oldest glass company in the world, has seen their hotel bejewelled with an array of blue Murano glass lighting for an exquisite display of Salzburg meets Venice. Guests' visit to Hotel Stein is made instantly timeless and magical, inspiring positive feelings and evoking an utterly special atmosphere. Resulting in interiors that channel art, light and colour, this masterful partnership can only get better and better.
